Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Monday 16 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Another cloudy day, with breezy winds. Dry for most, however.

Today:
A cloudy day, with occasional bright or sunny spells; the best of these in the east. While dry for most, the odd isolated shower is possible at times in the north. Breezy winds throughout, especially for exposed locations. Maximum temperature 19 deg C (66 deg F).

Tonight:
Any lingering daytime showers soon ease. Going overnight, an area of low cloud and rain moves eastwards across much of the region, with southern areas seeing the driest conditions. Minimum temperature 12 deg C (54 deg F).

Tuesday:
Another quite cloudy day for all, with rain in the north becoming patchier through the morning but remaining possible throughout. Southern areas largely dry. Feeling cool, with breezy winds continuing. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Staying cloudy through this period, with only occasional bright or sunny spells. Patchy rain or drizzle remains likely, especially over hills. Heavier rain arrives late Friday.
